

MagicPak® Retractable Banner Set-Up

1. Remove the one-piece, self-storing tension pole from the canister.

2. Allow the powerful elastic cords to pull the pole together.

3. Turn the foot rest 90° to stabilize the canister and insert the pole.

4. Pull the graphic up and hook. Works like magic.

*Shown with optional LumaStar
50w Halogen Light*

Non-Retractable Banner Set-Up

1. Attach foot rest to bottom bar and assemble the quick fit tension pole.

2. Place the pole in slot in foot rest , pull graphic up and hook.
