

88" x 88" Live Area

90" x 90" Bleed

10% of actual size

A diagram showing a rectangular layout with a central live area and four bleed/wrap regions. The central area is labeled "88\" x 88\" live area on front of display". The top region is labeled "1\" bleed at top" with a line pointing to the top edge. The bottom region is labeled "1\" bleed at bottom" with a line pointing to the bottom edge. The left and right regions are labeled "12\" side wrap not visible from front" with lines pointing to the left and right edges respectively. The entire layout is enclosed in a dashed pink border.
